

VIRTUAL LEADERSHIP ACADEMY

High-performing leaders seek ways to discover and unlock their own distinguished leadership potential. The Virtual Leadership Academy is a unique, cost-effective virtual program for leaders across healthcare organizations who seek to accelerate their impact.

This interactive, experiential learning program will strengthen and build behavioral competencies and skills for effective leadership applicable in today's complex, dynamic environment and prepare you for future leadership opportunities.

Who are the right candidates for this program?

The Virtual Leadership Academy is a cohort-based coaching and learning model that provides an opportunity for leaders at all levels to learn and grow. Executives, senior administrative and clinical leaders, emerging leaders and multi-disciplinary groups will benefit from the experience. This program is ideal for self-pay individuals looking to enhance their leadership.

You will engage in learning with and from healthcare industry leader colleagues from across the nation. This program is for already high-performing leaders and high-potential leaders who are moving higher into senior or executive roles.

Program Highlights

- Nine-month leadership program from the comfort of your home or office.
- Small group sizes (limited to 12 per academy) for focused development.
- Quarterly virtual group learning sessions.
- Confidential leadership and communication assessments with debriefs and goal-setting with your coach
- Individual sessions with an executive coach to advance your unique goals.
- Academies starting in the fall and spring.
- Monthly payment installments or upfront payment discounts.

WHAT TO EXPECT

- > **Virtual Group Learning Sessions:** Four half-day sessions to build 21st century leadership competencies and leadership skills; such as self-awareness, building trust, leading in ambiguity, advancing change, and developing high-performance teams.
- > **Assessments:** Confidential individual leadership and communication assessments to help you better understand and leverage your strengths and identify areas for development.
- > **Personalized Assessment Debrief:** One-on-one review of your assessment results and goal setting with an executive coach.
- > **Individual Development:** Scheduled one-on-one leadership coaching support with a MEDI coach to help build leadership muscle and internalize new behaviors.
- > **Coach Access:** Ad-hoc calls with your coach to discuss real issues and prepare for upcoming challenges as needed basis.
- > **Certificate of Completion at the end of the program.**

About MEDI Leadership

Transformational healthcare cannot happen without transformational leadership. A focused collaboration between executives, physicians, and other clinical leaders is required to thrive in today's healthcare environment. MEDI Leadership is the catalyst for accelerating the development of exceptional leaders, teams, and results.

We empower executive and clinical leaders to drive meaningful transformation and improve performance throughout the organization. MEDI Leadership was founded in 2000 and is the largest executive coaching firm dedicated exclusively to healthcare. Our coaches bring a blend of extensive healthcare experience and leadership coaching.

Accelerate your impact. Become a MEDI-coached leader.
